

Queensland Schools Web Challenge...

Judging Criteria

Judging criteria ensure that all teams have an equal chance of success, despite the age of the students, computer experience or access to equipment. Websites are judged according to the criteria listed below.

Teamwork & Project Management (weighting: 25%)

The Team

The website is to contain an **About Us** page that has a description of the team including:

- the team name
- the team members
- a brief outline of each team member's previous experience in web publishing
- each team member's specific role in completing the Web Challenge

Project Management

A section of the website that:

- describes the target audience
- clearly identifies the topic chosen
- briefly explains why the topic was chosen
- gives a timeline, Gantt Chart or similar that outlines how the team proposed to complete each stage
- contains a project log/diary that records the team's progress in completing the Web Challenge

Research (weighting: 25%)

The website will be marked on the evidence of research. The website must include:

- a bibliography page
- the bibliography page will contain a comprehensive list of references
- referencing will be used in the content of the website
- copyright permission obtained as required

Design & Implementation (weighting: 50%)

Content

The judges will expect that the website includes content that:

- uses a language appropriate to the target audience
- clearly defines the key issues related to the topic
- is relevant and supports, or clearly describes, the key issues
- clearly articulates possible solutions

Presentation

The judges will be looking for websites where:

- all elements included (ie. images, animation, etc) are used effectively to enhance the appearance of the website
- there is clear attention given to balance, proportion, harmony and restraint
- the website shows evidence of originality and inventiveness
- the website is complete

Navigation Structure

The judges will be looking for website where:

- an appropriate navigation structure has been created and includes links to an **About Us** page and a **Bibliography** page
- navigation is easy/user friendly
- all hyperlinks work
